

WannabeShepherd

Original photographs. Practical stories. Products in everyday use.

I photograph and test tech, desk accessories and everyday carry gear in my own Mac-based creative workflow. Brands get a clear story, useful feedback and images with a real setting.

NuPhy Air75 V3 / Original photography for a real-world review

01 / EDITORIAL

Independent product reviews

English articles with hands-on testing, original photos and clear sample disclosure. Long-term follow-ups where useful; community sharing where permitted.

02 / BRAND CONTENT

Commissioned photography

Product, detail and lifestyle images created for your brief. Deliverables, term and channels agreed in advance. Organic use and paid advertising licensed separately.

A CREATOR'S EVERYDAY WORKFLOW

Mac mini M4 / 14-inch MacBook Pro / iPhone 17 Pro / Canon R6 Mark II

Project directions: high-resolution Mac desks, Canon photo storage, iPhone-to-SSD ProRes capture and editing, and photography gear carried around the city.

A growing portfolio of real products

Original photography and published reviews across six brands. Repeat projects with ALPAKA and Keychron.

ALPAKA

Two published projects

Elements Backpack Pro and Flow Satchel 4L: carry, camera loadout, materials and daily use, photographed in context.

[View Flow Satchel review](#)

Keychron

Two published projects

K5 QMK Version 2 and M7: Mac desk photography, detailed product shots and practical keyboard and mouse testing.

[View K5 review](#)

NuPhy + KUXIU

Details and everyday integration

Air75 V3 keyboard and K1 Ultra charger: close-up details, desk context and use within a Mac and mobile setup.
